General silly stuff....

This is no regular 'Corporate Clown'!

A unique character with a particular magic of his own, able to engage audiences of all ages with style, talent & silliness.

Anything is possible when The Great Gizmo! is around.

Keep your shoes and other possessions protected, as they are likely to be juggled before your very eyes.

The Great Gizmo rides his unicycle with the only steering being the curls on his distinguished moustache. ( Yes it is real!)

He can balance on his chin anything from a feather to a bicycle.

To see 10 chairs balanced upon a chin, you need to see The Great Gizmo!

The fire devil stick leaves not a hint of soot on his huge tailored suit as it dances all around him, the control has to be seen to be believed.

The Great Gizmo! is great for Corporate functions, Festivals, Libraries, Private parties, Shopping centres, wherever people are gathered.

Collin Bogaars alias The Great Gizmo! Has entertained his way around Australia and abroad for over ten years and will surely add some flare and feats of precise silliness to your special occasion. Be Amused, Bemused, Dazzled, Surprised, Shocked, and most of all Entertained!
